

PMA-285H+

Plenum Mixer/Amplifier

ROEMTECH®

Classroom audio has never been easier.

- HummBuster Technology
- Phenomenal Power
- Superb Performance

HummBuster Technology

The new PMA-285H+ incorporates Roemtech's proprietary HummBuster technology on both inputs. This allows the installer or end user to simply "switch off" annoying hums or buzzes without affecting audio quality. The switches on the front panel are easily accessed and will effectively filter out hums and ground-loop issues that have traditionally plagued audio systems. Getting rid of audio noise has never been easier.

Phenomenal Power

With a true 85 watts of class D power, the PMA-285H+ will give you the audio clarity you need for your largest classrooms. In many environments, ambient background noise such as HVAC systems and hallway traffic is an issue. With the PMA-285H+, these issues won't overpower your sound system.

Superb Performance

The PMA-285H+ has been designed with full-range performance in mind. Most amplifiers in this category do not put a lot of emphasis on accurate frequency performance. Roemtech has a different view, delivering crystal clear audio while maintaining impressive bass response. The PMA-285H+ handles the entire audio spectrum with superb accuracy. Featuring the latest innovations in ultra-efficient class D technology, you will experience stunning performance while staying on budget.

Specifications:

Power:	85watts @ 40hms
Freq. Response:	20Hz to 20kHz
Input 1:	Stereo RCA - mixable
Input 2:	Stereo 3.5mm - mixable
Outputs:	Stereo or Mono Switchable
Power Supply:	24V @ 4Amps - 96watts
Operating Temp:	-40F to +190F
Weight:	.75 lbs (amp only)
Amp Dimensions:	4.75" w x 5.22" d x 1.26" h
Warranty:	3 year standard
